March 2026: Stevens Voted Against The U.S. Department Of Homeland Security Funding Bill. The lower chamber voted 221-209 to pass the bill. Four Democrats joined Republicans in favor of the measure — fewer than those who voted for an almost identical bill in January. Reps. Stevens Called For Noem's Impeachment After Noem Directed "Unconstitutional Actions" And Refused To Answer Questions About ICE Agents' Conduct. "Stevens, a Democrat, announced Wednesday that she would be cosponsoring the bill alongside Michigan Reps. Rashida Tlaib and Shri Thanedar. The resolution calls for Noem's impeachment due to what the lawmakers call 'high crimes and misdemeanors.' Kelly accused Noem of willfully obstructing Congressional oversight and withholding Congressionally appropriated funds; compromising public safety, violating due process of American citizens, and directing 'unconstitutional actions'; and abuse of office for personal benefit and '[steering] federal dollars to associates.' [...] Rep. Stevens released a statement about her involvement: 'Secretary Noem has refused to answer basic questions to Congress about ICE operations, the killing of an unarmed protester in broad daylight, the alarming rise in deaths at ICE detention facilities—the largest in decades—and her nonstop lies to the American people. Rather than going after criminals and keeping Americans safe, federal immigration officers are terrorizing our communities on her orders. Every day, I hear from Michiganders who are afraid that this violence and chaos will come to our state next.'" [WZZM, [1/21/26](#)]

- **While Noem Led DHS, ICE Agents Were Directed To Conduct Warrantless Searches.** "With an Immigration and Customs Enforcement memo that allows officers to enter homes without a judicial warrant, the Trump administration is seeking to usurp guardrails that are enshrined in the Fourth Amendment and have protected Americans' civil liberties for centuries, experts in constitutional law and immigration policy told CNN. [...] News of the memo prompted widespread alarm among civil liberties advocates and Democratic lawmakers. Sen. Richard Blumenthal of Connecticut called on Homeland Security Secretary Kristi Noem and acting ICE Director Todd Lyons to testify before Congress about the memo." [CNN, [1/22/26](#)]
- **The Articles Of Impeachment Listed ICE's Warrantless Arrests As Cause To Remove Noem From Office, Among Other Charges.** "The articles of impeachment against Noem accuse her of obstruction of Congress, violation of public trust and self-dealing. Haley Stevens, a Michigan Democrat and former Treasury Department official, the Taxpayer Data Protection Act would limit the Treasury Secretary's ability to authorize access to sensitive systems to vetted affiliates of the department. [...] Musk deputies gained access, in the face of resistance by a senior career civil servant, to a Treasury Department system that handles federal government payments worth trillions of dollars. STEVENS WROTE A BILL TO REVERSE TRUMP'S STAFFING CUTS AT THE SOCIAL SECURITY ADMINISTRATION

HEADLINE: "U.S. Rep. Stevens seeks to restore Social Security Administration staffing" [WEMU, [4/3/26](#)]

- **WEMU: Stevens Wrote A Bill To Reverse Trump's Staffing Cuts At The Social Security Administration.** "Michigan Congresswoman Haley Stevens (D, MI-11) is introducing new legislation to bring back thousands of jobs at the Social Security Administration. The Trump Administration cut those roles last year as part of mass federal layoffs. Stevens said the result has been worse customer service at the agency, and Michiganders not getting value for their tax dollars. 'Now we have an extraordinary beneficiary to staff ratio, which means that Michiganders are waiting hours and hours to get answers to questions to access their benefits,' Stevens said in an interview Thursday. The Social Security Administration handles swaths of the federal government's social safety net, including retirement, disability, and Medicare benefits. Stevens' office said the proposal would bring agency staffing levels back to what they were before President Donald Trump took office, require most of those new hires to serve in customer service roles, and put the rest toward directly serving beneficiaries."
